

# OBD II Cable

*J1962MF Pass-thru to Open End, 1.5m*

---

## Product Description

- RoHS Compliant
- All 16 pins connected
- The male to female pass-thru allows two devices to be connected simultaneously
- Heavy-duty materials and quality craftsmanship give the cable superior flexibility and durability
- Drain wire, aluminum foil shielding and twisted pairs for signal lines (J1850 BUS+/BUS- and CAN High/Low lines) give the cable exceptional EMI noise immunity
